SUMMARY

Full Stack Developer with hands-on experience building secure, scalable multi-tenant web applications, REST APIs, and role-based authentication systems. Developed a production-level Institute Management SaaS with multi-tenancy, RBAC, analytics dashboards, PDF/Excel exports. Trained 150+ students in MERN stack development.

EXPERIENCE

Software Developer Intern

Jan 2026 – Present

Asmawebs Pvt. Ltd.

- Built a production multi-tenant Institute Management System.
- Implemented RBAC with dynamic menus driven by role/institute access tables; frontend ProtectedRoute guards URLs and backend enforces scope on all resources.
- Built role-based analytics dashboards with live charts (Recharts) for fee collection, enrollment, and attendance; implemented PDF (pdfmake) and Excel (ExcelJS) exports from the UI.
- Designed secure REST APIs with JWT authentication, bcrypt password hashing, Multer file uploads, and optimized Mongoose queries on MongoDB Atlas.

MERN Stack Trainer (Freelance)

Jan 2025 – Jun 2025

- Trained 150+ students in full-stack MERN development through hands-on, project-based curriculum.
- Conducted weekly code reviews and debugging sessions; guided students in building and deploying real-world applications.

PROJECTS

Institute Management System | React.js, Node.js, Express.js, MongoDB, JWT, Mantine, Recharts

- Multi-tenant SaaS-style platform where each institute's data is isolated by Instituteld; supports school and college.
- End-to-end modules: admission and withdrawal, bulk student upload, comprehensive student reports, fee slips and collection, staff payroll etc.

Portfolio Website | React.js, HTML/CSS, Bootstrap, AOS

- Built a responsive personal portfolio with smooth scroll animations showcasing projects, skills, and experience.
- **Live Demo:** Portfolio

SKILLS

Languages: JavaScript, TypeScript, HTML/CSS, SQL (MySQL)

Frontend: React.js, Redux Toolkit, React Router, Mantine UI, Mantine React Table, Recharts, Vite

Backend: Node.js, Express.js, REST APIs, JWT, bcrypt, Multer, Nodemailer, node-cron

Database & Tools: MongoDB, Mongoose, Git, GitHub, Postman, Axios, ExcelJS, pdfmake, GrapesJS, VS Code

Concepts: Multi-tenancy, RBAC, CRUD APIs, File uploads, Dashboard analytics, Code review, Mentoring

EDUCATION

Cosmos Digital

MERN Stack Development Certification

Wardha, Maharashtra

Oct 2023 – Aug 2024

RTMNU

Bachelor of Commerce and Computer Application

Nagpur, Maharashtra

Aug 2019 – Aug 2022
